WHAT IS A DISCRETIONARY REVIEW?

The Planning Commission has discretion over all building permit applications. Normally, this discretion is delegated to the Planning Department, which approves applications that meet the minimum standards of the Planning Code, including the priority policies of Code Section 101.1.

From time to time the Commission will review a permit application. The Commission may determine that modifications to the proposed project are necessary in order to protect the public interest. If so, they can require the permit applicant to make the necessary changes. The Department will disapprove the application unless the required changes are made. This process of Commission consideration is commonly known as “Discretionary Review” or simply “DR” By filing a DR application, a member of the public is asking the Commission to exercise its discretionary power.

Discretionary Review is a special power of the Commission, outside the normal building permit application approval process. It is supposed to be used only when there are exceptional and extraordinary circumstances associated with a proposed project. The Commission has been advised by the City Attorney that the Commission’s discretion is sensitive and must be exercised with utmost constraint.

WHEN IS A DISCRETIONARY REVIEW NECESSARY?

If no resolution is achieved between neighbors or with the help of Department staff, or Community Board mediation services, the Commission will hold a public hearing after the close of the notification period in which it will consider whether to approve, disapprove or require modifications to the project. The Commission will make its decision on the case based on the materials submitted by the permit applicant, DR requester and interested parties, as well as the testimony presented to

the Commission at the scheduled public hearing.

HOW DOES THE PROCESS WORK?

Applicants requesting Discretionary Review must fill out the attached application and submit it in person at the Planning Information Center, 1660 Mission Street, first floor, with the required materials along with a check payable to the Planning Department. (Please consult the current fee schedule, available at the Planning Information Center.)

The application will not be accepted by mail, messenger or at the Planning Department reception desk. The planner will gather comments and concerns from the neighborhood during the notification period. Neighborhood support or opposition will be reflected in a staff report presented at the Planning Commission hearing complete with the Planning Department recommendation to the Planning Commission to either take Discretionary Review or not take Discretionary Review.

WHO MAY APPLY FOR A DISCRETIONARY REVIEW AND WHEN CAN ONE APPLY?

Once the planner determines the minimum standards are met and the project is approvable, the Department will mail a notice to residents and property owners within 150 feet of the subject property and neighborhood organizations. The notice describes the project, and generally includes copies of the plans. The application is held for up to 30 days to allow neighbors to assess the project and determine whether there are any exceptional and extraordinary circumstances which they feel warrant DR and, if so, to file a DR request. The Planning Department only accepts DR requests during this 30-day public notification period. If a DR is requested, the Zoning Administrator shall set a time for hearing requests for discretionary review by the Planning Commission within a reasonable period.

In addition to requesting discretionary review by the Planning Commission, one may appeal the issuance of the permit to the Board of Appeals. Such an appeal may be filed within 15 days of the date of permit issuance. (Permits are officially issued by the Central Permit Bureau [558-6070], which comes well after Planning approval.)

SUBMITTAL INSTRUCTIONS

Applicants requesting Discretionary Review must fill out the attached application and submit it in person at the Planning Information Center, 1660 Mission Street, first floor, with the required materials along with a check payable to the Planning Department. The application will not be accepted by mail, messenger or at the Planning Department reception desk. Attach additional pages as necessary, labeling all additional pages with the address of the property for which you are requesting Discretionary Review. Please number each page accordingly. You must provide each of the following to accompany your Discretionary Review application. Please answer all questions fully. Please type or print in ink and attach pages if necessary.

Please provide the following materials with the application:

Discretionary Review Application: If you are acting as an authorized agent, please indicate the name of the party you represent in the appropriate section. You should answer all the questions on the application. Include specific reasons for requesting Discretionary Review and a clear description of the proximity of your property to the subject site. Be as specific as possible, especially

in describing issues of concern. List all concerns and explain fully all projected impacts on surrounding properties, alternatives to the project, suggested changes to the project or other measures that would reduce the potential impacts. It is important to suggest reasonable alternatives, recognizing that the permit applicant normally would be allowed to build their project as originally proposed.

Additional Copy of Discretionary Review Application: Please submit an additional copy of the completed Discretionary Review Application. This copy will be sent to the permit applicant of whose project you are requesting discretionary review.

Photographs: Please include photographs of both the subject site and surrounding street frontages that are helpful in demonstrating your concerns. Please show the existing and anticipated neighborhood impact. Photographs should be adequate in size to show the nature of the property. In addition, please include photos showing specific concerns. Identify on the back of the photo the address of the buildings photographed, including the subject site and the point from which the photograph was taken.

Additional Criteria: If you are aware of relevant covenants or deed restrictions on the property relevant to the subject of this Application, describe these restrictions, or submit a copy and indicate their expiration date, if any. (Note: covenants bind the owner, not the City.)

In making this application for DR, you are requesting that the Planning Commission exercise control over a project that meets the zoning standards applicable to the subject site. The Commission only does this where exceptional and extraordinary circumstances exist. The burden of showing why a project that meets the minimum standards should be denied or modified rests with the DR Applicant. Consequently, you must make your request to the Planning Commission clear and concise. In addition to the written statement provided in your application, you may submit other materials that help prove your case. (Please keep submissions to 8.5" by 14" if possible, and preferably 8.5" by 11".) All plans, photographs and other exhibits submitted with this application will be retained as part of the permanent public record.

Supplemental materials for the Commission to review in addition to the initial DR application materials must be submitted on 8 1/2" x 11" (folded 11" x 17" reduced plans may also be accepted).

Additional Information About Discretionary Review

The Planning Commission may use its discretionary powers to review any building permit application that meets the minimum requirements and standards of the Planning and other Codes, if the Commission judges that action on the application is necessary to ensure that the interests of the City and its neighborhoods are protected. Any concerned party may request discretionary review by filing the appropriate application with the Planning Department. However, the Commission reserves this power for exceptional and extraordinary circumstances, generally involving conflicts with the City's Master Plan and the Planning Code Priority Policies

The Planning Commission derives its discretionary review authority from San Francisco's Municipal Code under the Business & Tax Regulations Code, Article 1 Permit Procedures, Section 26 (a). The authority to review permit applications that meet the minimum standards applicable under the Planning Code is set forth by City Attorney Opinion No. 845, dated May 26, 1954. The opinion states that the authority for the exercise of discretionary review is "a sensitive discretion...which must be exercised with the utmost restraint" to permit the Commission "to deal in a special manner with exceptional cases." Therefore, discretionary review should be exercised only when exceptional and extraordinary cases apply to the proposed construction, and modifications required only where the project would result in a significant impact to the public interest. The City Attorney's Opinion was reviewed in 1979 and re-affirmed with Opinion No. 79-29, dated April 30, 1979, and the power of Discretionary Review has been upheld in the courts.

To file your Discretionary Review application, please submit all required materials in person at the Planning Information Center (PIC) located at 1660 Mission Street at the ground floor. Please arrive with enough time prior to the submittal deadline to allow for a complete review of your submittal (including notification materials). Incomplete submittals will not be accepted.

The applicant may be contacted by the Planning Department staff with requests for additional information or clarification.
