Planning Department staff are available to advise you in the preparation of this application. Call (415) 558-6377 for further information.

WHAT IS A PRELIMINARY PROJECT ASSESSMENT?

The Preliminary Project Assessment (PPA) is a preliminary process that evaluates moderate to large projects before development applications are filed. This early viewing of the project provides sponsors with feedback and procedural instructions, and also allows staff to coordinate at the beginning in the development process. The PPA application is not a development application. Issuance of a PPA letter is not a development approval or denial.

WHEN IS A PRELIMINARY PROJECT ASSESSMENT NECESSARY?

A PPA is required for any project that includes:

- 1) creation of 7 or more dwelling units, and/or
- 2) changes of use of 25,000 square feet or more, and/or
- 3) construction of a new non-residential building or addition of 10,001 square feet or more.
- 4) construction of a new school; addition to an existing school by more than 25 percent or 10 classrooms, whichever is less; or change of use to a school.

The Department may also request other complex projects not meeting these thresholds to undergo a PPA.

HOW DOES THE PROCESS WORK?

PPA applications must be submitted in person at the Planning Information Center, 1660 Mission Street, first floor, with the required materials along with a check payable to the Planning Department. (Please consult the current fee schedule, available at the Planning Information Center.) The application will not be accepted by mail, messenger or at the Planning Department reception desk. Applicants may request a 30-minute meeting with the assigned planners to present and explain the proposal to Department staff. The purpose of this meeting is not for planners to provide feedback on the project, but to give applicants the opportunity to clearly present the project to the Department. The Department will issue a PPA letter to the applicant within 90 days. Revising or submitting new materials may result in a restart of the 90-day timetable. The letter includes procedural requirements (applications, approvals, etc.) and general comments on design and other significant issues. The letter is valid for a period of 18 months. Sponsors may elect to schedule one project review meeting with Department staff within 30 days of the issuance of the PPA letter.

An Environmental Evaluation ("EE") application will be accepted for filing concurrently with PPA applications, rather than only after PPA letter issuance. To the extent appropriate, EE applications submitted prior to the PPA letter issuance should be amended to address input from the PPA letter.

WHO MAY APPLY FOR A PRELIMINARY PROJECT ASSESSMENT?

Any property owner or authorized agent of a property owner may file a PPA application.

If requesting a density bonus under the State Density Bonus Law, provide both the Project Description and Project Summary Table for both the base (Planning Code-compliant) project and the bonus project. Note that the Planning department will not be reviewing requests for specific incentives or concessions as part of the PPA process.

INSTRUCTIONS:

1. Please fill out the attached Application for a PPA. If the applicant in this case is the authorized agent of the property owner, rather than the owner, a letter signed by the owner and creating or acknowledging that agency must be attached and included in the application for the PPA.
2. In all cases the application must be accompanied by **two** sets of 11 x 17 inch plans sufficient for proper PPA review, as well as an electronic copy of the completed application and plans. A **plot plan** is required, showing accurately the subject lot and adjacent lots, and existing and proposed structures on both the subject property and on immediately adjoining properties, open spaces, driveways, parking areas, trees, and land contours where relevant. Where the size or use of floor areas is material to the project, **floor plans** will also be required. Drawings of building **elevations** must be provided, even if they lack facade details.

Basic 3D representations of the project are also helpful. The Department staff can assist in determining what plans are required. The plans must be dimensioned or include an accurate scale, and should also include a north arrow and a legend for relevant symbols and/or notes.

The Department will only respond to one (1) project description. If there are project variants proposed, a separate PPA will be required for each variant. (Except for the State Density Bonus applications described above.)

3. It is recommended that the application also include a design or concept narrative statement, so that the Department's design review staff have an understanding of the design intent at the time of initial review.

4. If the project is subject to Planning Code Section 169, a draft Transportation Demand Management Plan must be provided.
5. **Photographs**, unmounted, large enough to show the nature of the property, but not over 8 1/2 x 14 inches are helpful in reviewing PPA applications.
6. All plans and other exhibits submitted with this application will be retained as part of the permanent public record in this PPA.
7. **Planning Code Fees:** Please refer to the Planning Department Fee Schedule for fees related to this application. The Fee Schedule may be obtained from the Planning Department's website at www.sfgov.org/planning or in person at the Public Information Counter (PIC) located at 1660 Mission Street, San Francisco, CA 94103. For questions related to the Fee Schedule, please call the PIC at 415.558.6377. The PPA fee will be credited to a subsequent development application fee for the same project. However, time and materials will be charged if staff costs exceed the initial fee.

To file your Preliminary Project Assessment application, submit in person at the Planning Information Center, 1660 Mission Street, first floor, with all required materials including a check payable to the Planning Department.

An incomplete application will not be accepted.

Applications will not be accepted by mail, messenger or at the Planning Department reception desk.
