GENERAL INFORMATION

Transferable Development Rights are units of gross floor area that may be transferred from a Transfer Lot to a Development Lot (per the provisions of Section 128 of the Planning Code). Each one square foot of gross floor area is one unit of TDR. Transferring unused or excess TDR units enables the Preservation Lot to sell “excess” TDR units as an extra financial incentive towards the preservation of that structure and allows a structure on a Development Lot to be built that exceeds the basic floor area ratio.

The process involves three steps, each step involving the submittal of an application to the Department and the ultimate recordation of a legal document that is signed by the Zoning Administrator. These steps are:

1. Statement of Eligibility Application and Document
2. Certificate of Transfer Application and Document
3. Notice of Use Application and Document

Applications can be found at the Planning Information Counter or on the Department’s website. Please refer to the current Fee Schedule, as set forth by Section 353(d)(6)-(8) of the Planning Code, for appropriate fees for each application type.

WHAT IS A STATEMENT OF ELIGIBILITY?

A Certificate of Transfer is the second step in a three-step process to transfer the previously determined amount of TDR units from the Preservation Lot to another party (transferee). A Preservation Lot may also be referred to as a Transfer Lot. When the amount of TDR eligible for transfer is calculated for the Statement of Eligibility, each TDR is assigned a number. For example, if 5,000 TDR are determined to be eligible for transfer, they are numbered "1" through "5,000". TDR from a single Transfer Lot may be transferred as a group to a single transferee or in separate increments to several transferees. TDR may be transferred either directly from an original owner of the TDR to the owner of a Development Lot or to persons, firms or entities who acquire the TDR and hold them for subsequent transfer to other persons, firms, entities (secondary party) or to the owners of a Development Lot or Lots.

HOW DOES THE PROCESS WORK?

To file the completed application, follow the instructions on the [Intake Request Form](#).

Upon verification and confirmation of the complete application, the Certificate of Transfer Document is prepared and the Zoning Administrator (ZA) will sign with notarized acknowledgement within thirty days. The Applicant shall pick up the document, obtain signatures with notarized acknowledgements of both the Transferor(s) and Transferee(s), and proceed with recordation at the Office of the County Recorder. A certified copy of the original recorded Certificate of Transfer shall be returned to the ZA.

Transfer of TDR from the Transfer Lot is not valid unless (i) a Statement of Eligibility has been recorded in the Office of the County Recorder prior to the date of recordation of the Certificate of Transfer; and (ii) a Notice of Suspension of Eligibility has not been recorded prior to such transfer or, if recorded, has thereafter been withdrawn by an appropriate recorded Notice of Revocation or an amended Statement of Eligibility has been recorded.

Transfer of TDR from a Preservation Lot containing a Contributory building or a landmark designated under Article 10 causes such building to become subject to the same restrictions on demolition and alteration that are applicable to Significant (Category I) buildings.

All information and exhibits submitted in connection with this application will be retained as part of the permanent public record in this case. The permanent public record is subject to the Public Record Act and made available to any person upon request.
